

ADMISSION OPEN

Certification in Crime Scene Investigation (CSI)

Certification in Crime Scene Investigation (CSI) would enable participants to adopt a methodical approach to solve any type of crime like murder, suicide, accident, mass disaster or arson etc. Highly trained and experienced crime scene experts from HSA would deliver this course through interactive discussions, lectures, presentations, videos and mock crime scene exercise. It would provide a unique opportunity for learners to upgrade their skills and knowledge to unravel the hidden mysteries behind a crime.
